Mathematics

1. Abel Prize in Mathematics
   Website: http://www.abelprisen.no/en/
   Discipline: Mathematics
   Deadline: November 15
   Description: The Abel Prize is an international prize for outstanding scientific work in the field of mathematics, including mathematical aspects of computer science, mathematical physics, probability, numerical analysis and scientific computing, statistics, and also applications of mathematics in the sciences. The right to nominate is open to anyone. Nominations are confidential and a nomination should not be made known to the nominee. Self-nominations are not acceptable.

2. American Institute of Architects College of Fellows
   Website: http://www.aia.org/awards3_template.cfm?pagename=awards_aianational
   Discipline: Architecture
   Deadline: various
   Description: The AIA has a long tradition of recognizing individuals and organizations for their outstanding achievements in support of the profession of architecture and the AIA.

3. American Institute of Architects/ ACSA
   Website: http://www.aia.org/awardsprograms_template.cfm?pagename=awp_topaz
   Discipline: Architecture
   Deadline: October 26, 2007
   Description: The AIA/ACSA Topaz Medallion for Excellence in Architectural Education is awarded jointly by the AIA and the Association of Collegiate Schools of Architecture (ACSA) to an individual, who must be living at the time of nomination, who has spent at least a decade primarily involved in architectural education, and whose primary contribution to architectural education has been on the North American continent.

4. American Society of Landscape Architects JD Carpenter Teaching Medal
   Website: http://www.asla.org/index.html
   Discipline: Landscape Architecture
   Deadline: March 2, 2007
   Description: The **Jot D. Carpenter Teaching Medal** is awarded to an individual who has made a sustained and significant contribution to landscape architecture education.

5. Association of Collegiate Schools of Architecture Faculty Design Award
   Website: https://www.acsa-arch.org/competitions/facultydesign.aspx
   Discipline: Architecture
   Deadline: September 10, 2007
   Description: To provide a venue for work that advances the reflective nature of practice and teaching by recognizing and encouraging outstanding work in architecture and related environmental design fields as a critical endeavor.
6. National Inventors Hall of Fame Collegiate Inventors
Website: http://www.invent.org/collegiate/
Discipline: Science and Mathematics
Deadline: N/A until November 2007
Description: Annual program to encourage college students active in science, engineering, mathematics, technology, and creative invention by providing cash awards and recognition for extraordinary achievement. Students must be enrolled (or have been enrolled) full-time (in any college or university) at least part of the 12-month period prior to the date the entry is submitted. In the case of a team, (maximum of four students) at least one member of the team must meet the full-time eligibility criteria. The other team members must have been enrolled on a part-time basis (at a minimum) sometime during the 24-month period prior to the date the entry is submitted. There are no limits on the number of entries a student or team may submit in a given year; however, only one prize per student or team will be awarded.

7. NSF Director’s Award for Distinguished Teaching Scholars
Website: http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=8170
Discipline: Science and Mathematics
Deadline: February 9th
Description: The National Science Foundation (NSF) seeks to promote improvement in the education of those who study science, technology, engineering, or mathematics (STEM). The NSF Director’s Award for Distinguished Teaching Scholars (DTS) recognizes and rewards individuals who have contributed significantly to the scholarship of their discipline and to the education of students in STEM, and exemplify the ability to integrate their research and educational activities. DTS is part of NSF’s efforts to foster an academic culture that values a scholarly approach to both research and education. The Director’s Award is the highest honor bestowed by the NSF for excellence in both teaching and research in STEM fields, or in educational research related to these disciplines.

8. NSF Presidential Awards for Excellence in Science, Math, and Engineering
Discipline: Science and Mathematics
Deadline: First Tuesday in March
Description: The PAESMEM Program seeks to identify outstanding mentoring efforts that enhance the participation of groups (i.e., women, minorities, and persons with disabilities) that are underrepresented in science, technology, engineering, and mathematics. The awardees serve as leaders in the national effort to develop fully the Nation's human resources in science, technology, engineering, and mathematics.
